**INTERNAL USE ONLY****JOURNAL****OFFICE OF LEGISLATIVE COUNSEL**

Friday - 3 February 1978

1. (Unclassified - ME) LIAISON/FOIA Received a call from Vince Versage, on the staff of Senator Spark M. Matsunaga (D., Hawaii), on behalf of a constituent who wants information from both CIA and FBI on electronic surveillance equipment and techniques that might be available to him under the Freedom of Information Act. I gave Mr. Versage the name and address for sending such inquiries to the CIA by letter.

STAT

3. (Unclassified - RSG) LIAISON Took a call from Harriet Hunt, office of Representative Fortney Stark (D., Calif.), who inquired again whether the Congressman's personal staff could tour the CIA. I suggested that such a visit might be possible for a large organized group, according to our letter of tours, and she counted that such a group might be the Congressional Staff Club. We both agreed that using the Congressional Staff Club as host organization may be politically sensitive on the Hill in view of the fact that it represents only employees of the House, not the Senate. Hunt agreed to call me back with any further suggestions. She also indicated she would call to inform me whether Representative Stark, and MIT alumnus, would attend the MIT visit to CIA, 8 February 1978.

STAT

5. (Unclassified - RSG) LIAISON Called James Wolf, House Select Committee on Assassinations staff, to coordinate a draft of agreements reached at yesterday's meeting regarding the Committee's access to Senate Select Committee on Intelligence transcripts of testimony by former Agency employees.

6. (Unclassified - RSG) LIAISON Betsy Wolf, G. Robert Blakey, Gary Cornwell, Michael Goldsmith and Dan Hardway, House Select Committee on Assassinations staff, visited C&R Staff to review Agency material.

7. (Confidential - LLM) LIAISON Spoke with Bill Miller, Staff Director, Senate Select Committee on Intelligence, and covered the areas of interest of the Senate Banking, Housing and Urban Affairs Committee relating to the ownership of Air Taxi and asked that he let us know if there is any feeling that we are not cooperating since we are bending every effort to be as responsive as possible.

I also asked him if he understood the full picture regarding the treaties between the DCI, the Secretary of State and the President concerning the role of the ambassador and the various implementing instructions. I said we wanted to make sure that he did so that he would be in a position to correct any misimpression caused by today's New York Times story. Later in the day, Miller called indicating the story had caused some controversy and it was agreed we would send down to him copies of the four messages which constituted the complete instructions.

I talked with Miller and urged that he do whatever is possible to file the Committee report on Ambassador Carlucci, which was approved unanimously, as we were looking towards a swearing-in date of 8 February and there has to be time for Senate action and processing of the papers in the White House. Miller promised to do what he could and later advised the report had been filed.

8. (Confidential - LLM) LIAISON Called Tom Latimer, Staff Director, House Permanent Select Committee on Intelligence, and asked if he needed anything further to understand the instructions that have been issued concerning the role of the ambassador. He thought it would be a good idea to have a complete set of the instructions and they were provided later in the day.

9. (Internal Use Only - LLM) LIAISON In the absence of Bob Thomson, White House Congressional Liaison staff, talked to Regina Mellon explaining the bind we were in in meeting our target of the swearing in of the DDCI next Wednesday. She said she would see what she could do, including the turn around time for processing the papers within the White House.

10. (Unclassified - BAA) LIAISON Anne Harley, Library of Congress, called and requested a map of Liechtenstein for the Senate Judiciary Subcommittee on Antitrust & Monopoly. She said any size we had would be alright. I said I would check and be back in touch.

11. (Internal Use Only - THW) LIAISON I called Frank Potter, on the staff of the House Interstate and Foreign Commerce Subcommittee on Energy and Power, and told him we had collected the documents on NUMEC provided to the former Joint Atomic Energy Committee and told him that he and Pete Stockton, also on the Subcommittee staff, were welcome to review the documents here at Headquarters at their convenience. He said he would talk to Stockton, who will get back to me with a date.

14. (Unclassified - ELS) BRIEFING Took [ ] of the Comptroller's Office, down to see Jim Bush, on the staff of the House Permanent Select Committee on Intelligence, to return transcript of January 20 CIA briefing and to discuss certain deletions of sensitive material. Bush was agreeable to almost every deletion requested and said he would try them all with Representative Bill D. Burlison (D., Mo.). Very cordial meeting.

15. (Unclassified - ELS) HEARINGS I received from the Resource Management Staff (formerly the Intelligence Community Staff) a DoD note indicating that the House Appropriations Committee wishes to have the Director testify on the NFIP at 10:00 a.m. on 11 April, and have a CIA hearing at 10:00 a.m. on 13 April. I called Chuck Snodgrass, on the staff of the House Appropriations Defense Subcommittee, to check on the information (which is correct but tentative) and to ask if the 11th date could be changed as it is a Tuesday. Snodgrass said he would check with Ralph Preston, of the Subcommittee.

16. (Unclassified - ELS) HEARINGS At the request of the Resource Management Staff, I called Dan Childs, on the staff of the Senate Select Committee on Intelligence, and asked if the Airborne Mix hearing set for 1400 hours on 23 February and the Quality of Analysis hearing set for 1400 hours on 7 March could be switched. Resource Management Staff will recommend that the Director participate in the Quality of Analysis hearing and wish it to be first of issue oriented hearings. Another reason for switch is that Quality of Analysis is currently on same day that CIA appears before the House Permanent Select Committee on Intelligence and appropriate witnesses may not be available for both at the same time. Childs said switching could be a problem but he would look into it.

17. (Unclassified - ELS) HEARINGS Dan Childs, on the staff of the Senate Select Committee on Intelligence, confirmed that State of Intelligence briefing scheduled for 9 February and State of the World scheduled for February 10 are both cancelled. He was uncertain whether any attempt would be made to reschedule.

22. (Unclassified - MMP) LIAISON Tom Smeeton, on the staff of the Senate Foreign Relations Committee, was referred to me by Tom [ ] OLC. Mr. Smeeton said that the Committee staff is preparing a paper on Rhodesia and has made some statements about the Marxist and/or radical Marxist support currently being given to guerrilla forces in Rhodesia. He wanted to know if this characterization was accurate. After checking with [ ] NFAC/CSS, who referred me to Bob [ ] ORPA/ Africa, I informed Mr. Smeeton that his characterization was accurate in that the support the guerrilla forces were receiving was a curious mix of Cuban, Soviet and Chinese. This satisfied Mr. Smeeton's needs.

23. (Internal Use Only - MMP) BRIEFING Based on referral from [ ] OLC, I called Dorothy Fosdick, in the office of Senator Henry M. Jackson (D., Wash.), to make sure that I had a full grip on her briefing needs. She told me that she had already discussed this with us, but I persuaded her to repeat it for me. By way of preparing Senator Jackson for his trip to the People's Republic of China, he wants a briefing on the Cambodia-Vietnamese border situation, the Horn of Africa, and PRC and Soviet involvement in both. This has been set for 1400 hours on 7 February 1978 in 135 Russell Senate Office Building. I have reconfirmed this requirement with [ ] NFAC/CSS.

24. (Unclassified - MG) BRIEFING Received a call from Linda, Senate Foreign Relations Committee staff, who asked what would be the level of classification for the briefing of the Committee on 10 February on foreign military presence in Africa. After checking with [ ] NFAC/CSS, I called Linda back and told her that the briefing would be at the compartmented level.

25. (Secret - THW) LIAISON Called [ ] DIA, and told him of the two new DOD intelligence reports we had discovered in our search of material on the G. William Miller nomination to the Board of Governors of the Federal Reserve System and obtained from him permission to quote the relevant information from the two reports in our classified letter back to the Senate Committee on Banking, Housing and Urban Affairs.

26. (Unclassified - THW) LIAISON I attended a luncheon for Representative Paul Simon (D., Ill.) at Agency Headquarters, hosted by Jack Blake, A/DDCI. (See Memorandum for the Record.)

27. (Internal Use Only - THW) LIAISON Hans Binnendijk, Senate Foreign Relations Committee staff, called to thank us for setting up the meeting between him and members of ORPA/NFAC to discuss the Middle East air balance.

28. (Secret - THW) LIAISON Bill Miller, Staff Director, Senate Select Committee on Intelligence, called and with respect to the role of ambassador documents asked whether any of them were coordinated with the Department of State in advance, if not, why not, and whether we proposed to now show them to State. After discussing the matter with Ted Shackley and Eloise Page, of the DDO, I called Mr. Miller back and said that the State/CIA agreement, as well as the DCI's supplemental cable, had been fully coordinated with State in advance and that the third cable, which was in two parts, was not coordinated as it was procedural in nature and fully consonant with the State/CIA agreement with the DCI's supplemental cable. I added that the procedural cable had been given to State today.

11. (Unclassified - DFM) LIAISON Called Diane LaVoy, House Permanent Select Committee on Intelligence staff, and gave her the information she requested about the Special Assistant to the DCI for Warning. She was agreeable to this.

12. (Unclassified - DFM) LIAISON Received a call from Hal Ford, Senate Select Committee on Intelligence staff, who told me the Committee would be meeting next week and would take up the issue of the release of a statement on the A Team-B Team report. Ford said the published statement would be the same as that which was reviewed by the Agency last year except for a few grammatical changes. He agreed to send me a copy.

13. (Unclassified - YTF) LEGISLATION Dave Barrett, at the Department of Justice, called to talk over our differences in the amendatory language for S. 1845, the polygraph bill. He said he would be sending over a new amendment and would like to meet with me sometime in the future.
